

Role title: Senior Environmental Consultant

Location: Castlerea, Co. Roscommon

Hybrid / Full-time / Senior Level

Hiring multiple candidates

Company Description:

Coyle Environmental Ltd is a leader in the field of Environmental Monitoring and Consulting, based in the West of Ireland and serving clients nationwide.

Role Description:

We are seeking an Environmental Consultant to join our team in a full-time capacity. This role is ideal for a candidate who thrives on working collaboratively within a multidisciplinary team and seeks to drive business growth. The successful candidate will work on projects across a wide range of sectors including the extractive and waste industry and domestic, commercial and industrial developments. This role offers the unique opportunity to work on diverse projects in a supportive team.

Key responsibilities:

- Manage projects from conception through completion with both clients, internal teams and external specialists to ensure successful delivery.
- Communicating with clients, external stakeholders, regulatory bodies, and sub-contractors to ensure compliance with all project requirements.
- Liaising with County Councils, An Bord Pleanála and other statutory bodies as required.
- Drive growth and development of the company.
- Build and maintain strong relationships with clients.
- Understand client needs, provide expert advice, and deliver high-quality environmental consulting services to meet project objectives.
- Take ownership of projects from inception to completion, including proposal development, budgeting, scheduling, and resource allocation.
- Providing mentorship and direction to team members and sub-consultants.

Skills to include:

- A working knowledge and proven track record of Environmental Impact Assessment, preparation and management
- Permitting processes
- EPA Industrial Emissions Licence applications
- Preparation of discharge licence applications
- Preparation of waste permission applications
- By products (Article 27) and end of waste (Article 28)
- And other environmental reports.

Essential Requirements:

- Full Clean Driving Licence
- Minimum of 10 years' experience working in the environmental sector
- Proven expertise in Environmental Consultancy.
- Demonstrated experience in conducting environmental assessments, impact studies, and regulatory compliance assessments.
- Technical report writing skills
- Excellent project management skills, with the ability to manage multiple projects simultaneously and deliver results on time.
- Knowledge of EU and Irish legislation and it's practical applications.
- Excellent problem-solving and analytical skills.
- Strong communication and project management abilities
- Capable of working independently and willingness to travel
- Ability to work collaboratively
- Excellent time management

Qualifications:

A Bachelor's or Master's degree in Environmental Science or a related field.

Preferred:

- Project management qualification
- Chartership in a recognized environmental professional body (e.g., IEMA, IEI, IGI, CIWM, CIWEM, CIEEM)
- Safe Pass
- Manual Handling
- First Aid

Why join us?

Work alongside experienced environmental specialists, across multiple projects and have opportunities to lead projects.

Work as part of an outstanding team in a progressive and positive firm, striving to be the best they can be.

We offer:

- Competitive salary package
- Hybrid role with the possibility of remote work
- CPD and career progression
